*Letter of reference for Andy Jack, Jack Inc.*

We contacted Andy in the spring of 2005 to discuss the possibility of extending our foyer and adding a covered front porch. We were very pleased with every aspect of the above project which started with a meeting with Andy to discuss the addition we had in mind. Andy returned for a second meeting with a very creative and attractive design (we could not improve upon it) and an estimate of the costs which were close to our stated limits. The project progressed satisfactorily under Andy's keen supervision. He was always available to answer our questions, and willing to discuss any changes we wanted to make. After the project was completed, Andy followed-up promptly and to our satisfaction regarding a concern about our outdoor steps. The trades people who were involved throughout the project were professional and thorough. We were very pleased that the project stayed within budget, and was completed within a good timeframe. Any additional costs were as a result of changes requested by us.

We are very proud of the dramatic improvement to our home. We do not hesitate to recommend Andy.
